It's my pleasure to present the 2018 Catalog for Work Wear Safety Shoes. We take great pride in partnering with employers to help keep their workers safe and comfortable on the job. We've been the safety footwear experts since 1980 and we look forward to putting our expertise to work for you in 2018.

Let us leverage our decades of experience managing safety footwear programs to help you keep lost time (and insurance claims!) to a minimum while complying with OSHA regulations. Our professionals will work with you to make sure your program is effective, efficient, and hassle-free. We can serve your employees through our retail stores, our fleet of ShoeMobile trucks, and online.

Work Wear offers the widest selection of safety shoes to meet your needs. We carry over 40 brands and hundreds of styles. We'll work closely with your team to ensure that your employees are able to select a shoe that they find comfortable, with the safety features they need, at a price they like.

As a safety manager, you will have 24/7 access to your own online account portal. You'll be able to review your company's transaction history and verify 100% program compliance. We want to make it easy for you to confirm your program is going exactly how you want. If you ever need more help, our team of customer service representatives is always available during business hours.

Further, we're proud to offer the industry's best warranty. We're always happy to work with our customers to make sure that they have footwear that keeps them safe and comfortable all day long.

Finally, Work Wear is committed to being an attractive business partner. We operate our business in an honest, ethical, and conscientious manner. We're particularly proud of our efforts around environmental sustainability and charitable engagement. We've included more information at the end of the catalog.

We'd be happy to talk to you about our products and services.
Give us a call or send us an email.

We're looking forward to serving you.

Sincerely,
Coleman McDonald
CEO

VALUES

- Integrity First
- Selfless Service
- Excellence in all we do
- Respectful and Empathetic to all

MISSION

Work Wear Safety Shoes partners with employers to deliver high quality footwear and services to keep their workers safe.

VISION

The most trusted and respected safety footwear company. Dedicated to the success of our customers, employees, and communities.

BRANDED FOR SAFETY

SHOEMOBILES®

WORK WEAR SAFETY SHOES BRINGS THE SAFETY BOOT STORE TO YOUR DOOR!

MOBILE SUPERSTORES

Our SHOEMOBILES® are superstores on wheels, each housing a large selection of safety footwear unique to your business needs. Our trucks boast an inventory of over 90 styles from more than 40 top name-brands, with over 1,000 individual pairs of safety boots and shoes available. Your team is guaranteed to find the latest fashions with the best technology for safety, durability, and comfort. SHOEMOBILES carry memory foam insoles for comfort and to increase productivity.

PERSONAL SERVICE

Our professional SHOEMOBILE® Managers offer personalized fitting services to each of your employees. Our friendly SHOEMOBILE® staff is trained to help your team members select safety footwear that best meets the needs of their work environment.

*See locations on page 5 for areas of operation.

EASY SCHEDULING

Work Wear Safety Shoes offers as-needed SHOEMOBILE® scheduling that's flexible enough to fit your company's specific needs. Our scheduling allows you to easily arrange SHOEMOBILE® appointments across all of your serviceable locations*. Choose from weekly, bi-weekly, monthly, quarterly, semi-annual, and annual programs on a location-by-location basis. We can accommodate large corporate events and safety fairs.

BETWEEN SHOEMOBILE VISITS

Employee purchases may be made from our website www.workwearboots.com

SUPERSTORES

SAFETY ICONS

ASTM LABELS

Work Wear Safety Shoes footwear meet or exceed a variety of ASTM F2413-11 standards as shown below. Select the right protective footwear for your work environment using the safety icons on this page and throughout the catalog.

A sample ASTM label is shown to the right explaining what each part of the label means.

Steel Toe - Steel toe safety footwear meets or exceeds ASTM F2413-11 standards and are rated I/75 C/75 for maximum protection from impact and compression.

Composite Toe - Composite safety toes are rated ASTM F2413-11 I/75 C/75. They are non-metallic & undetectable in electronic security environments.

Alloy Toe - Rated ASTM F2413-11, lighter than traditional steel toe footwear while still protecting toes from impact and compression.

Metatarsal Guard - Metatarsal guard footwear has an additional protective cover over the metatarsal bones or instep area of the foot. Can be internal or external. All Mets Meet ASTM F2413-11 Mt/75 standard.

Poron® XRD™ - Extreme impact protection material has been tested to absorb up to 90% of energy from impact. ASTM F2413-11 Mt/75 Rated.

Electrical Hazard - Electrical Hazard safety footwear is rated ASTM F2413-11 EH. EH construction protects the wearer against open circuits up to 14,000 volts in dry conditions.

Static Dissipating - Shoes labeled SD meet or exceed ASTM F2413-11 SD standards for Static Dissipative Type 1 footwear. These shoes are designed to minimize the buildup of static electricity while maintaining high enough resistance to help protect against live electrical circuits.

Puncture Resisting - A puncture resisting plate that will reduce the possibility of inury caused by sharp objects penetrating the bottom of the footwear. Meet ASTM F2413-11 PR standards.

Conductive - Conductive outsoles meet ASTM F2413-11 CD standards for discharging static electricity from the body.

Soft Toe - No protective toe cap. Styles contain other safety features.

Enhanced Slip Resistance - Mark II test result of .35 or higher.

Grid Sole - Tread pattern & sole composition provide extra traction.

Security Friendly - Safety footwear styles with NO metallic components. They pass through security checkpoints.

Mud Guards - Safety footwear with external toe protection to prevent premature wear in the toe area.

Waterproof - Keeps the wet out with waterproof leathers, sealed seams and lining bladders.

Insulated - Footwear that keeps the feet warm in cold conditions using insulation in the lining.

USA - Made in the United States.

M - Men's styles available in a range of Men's sizes.

W - Women's styles available in a range of Women's sizes.

W&M - Styles available in both Men's and Women's sizes.

Inspired by the longest highway in America,
I-90 work boots can handle the toughest
construction environments.
The outsoles are molded from an ultra-durable
TPU material that resists abrasion and lasts for mile after mile.
Plus, each pair features our EPX anti-fatigue technology for comfort all day long.

METATARSAL GUARD

Poron® XRD™ Benefits:

- Durable impact protection
- Flexible and lightweight
- Infused with Microban®
- Made in USA
- Meet ASTM F2413-11 Mt/75 Standards

External Met Guard Benefits:

- Ultimate impact protection
- Meet ASTM F2413-11 Mt/75 Standards

D30® Metatarsal Benefits:

- Soft and Flexible
- Locks on Shock
- Returns to flexible state
- Meet ASTM F2413-11 Mt/75 Standards

FLITE™ IS A REVOLUTION IN PROTECTIVE FOOTWEAR.

Made from Aerex1.5.5TM – a proprietary, chemical-resistant, thermally-insulative, micro cellular polymer, resulting in boots that are over 40% lighter compared to most steel toe PVC and rubber knee boots. Superior chemical resistance to fats, oils, hydrocarbons, certain acids, and caustics makes Flite an excellent choice for food processing and petrochemical applications.

- Composite safety toe meets ASTM F2413 M I/75 C/75 EH and will not set-off metal detectors.
- Durable, seamless upper is 100% liquid proof.
- Slip-Resistant, nitrile rubber outsole provides superior grip on dry, wet, and contaminated surfaces.
- Tiny air bubbles trapped within the material keep feet warm in the cold and cooler in the heat.
- Aerex 1.5.5TM is anti-fatigue since every pound reduced in footwear weight is like 5 pounds off your back and 5% less energy expended*.
- Calf-Relief Topline (CRT)™ is not only stylish, it provides easier on and off and roomier calf space
- Beveled heel for reduced back and leg strain.
- Tread wear indicators to show when half the tread has worn away.

FOOTWEAR CARE

GIVE BACK TO YOUR BOOTS.

Taking care of the footwear that protects you is important. By following the guidelines below you can extend the life of your boots. In addition, the footwear care products we offer enhance the color, comfort, and water resistance of your footwear. Give back to your boots.

CARE INSTRUCTIONS

Leather Uppers: Full grain leather uppers must be maintained and given proper care to maximize the life of the boots. Premium leather that is wet must be dried and conditioned with Fiebing's Mink Oil Paste or other boot oils.

Canvas or Fabric: Fabric and Canvas components on boot uppers are lightweight and breathable. They are porous and should not be worn in some environments. Waterproof fabric uppers contain a bladder liner.

Waterproof Uppers: Waterproof boots are pre-treated with silicon, are seam sealed, or contain a waterproof membrane or bladder. If boots are wet, turn them upside down and allow them to dry completely. Apply Fiebing's Mink Oil Paste to prevent rotting of the leather upper.

Water Resisting Uppers: All oil tanned leathers resist water and liquids. For added water resistance, apply Sno-Seal® or silicon paste.

Premature Toe Wear: Jobs that require workers to kneel or squat down may cause toe wear. Boot Saver toe caps adhere to boot toes preventing wear.

Insoles/Orthotics: Most safety footwear comes with removable insoles, but for added comfort custom insoles and orthotics should be purchased. Tegopro™ memory foam insoles adapt to the shape and contour of your foot to provide maximum comfort. MEGAComfort® Personal Anti-Fatigue Mat® insoles decrease foot, knee, hip, and back pain and are made of dual density memory foam.

PPE SOLUTIONS

PERSONAL PROTECTION EQUIPMENT

PPE SOLUTIONS FOR NEW HIRES, TEMPS, GUESTS AND VISITORS

Steel toe overshoes help protect your feet from accidental impact, crushing, or stubbing. Made of flexible, pliable PVC. Treads under sole to prevent slipping and help liquid flow away from the foot.

- Ideal for any working environment that carries a risk of toe damage or has a steel toe cap requirement
- Perfect for visitors, casual or temporary workers, management, clerical staff and sales people
- 100% waterproof, will not harden, stiffen, or crack
- Can be comfortably worn over low-heel footwear, dress shoes, running shoes, and most boots
- Steel toe cap meets Impact and Compression Resistance 75lb Rating per ASTM F2413-11 standards

IMPACTO™ Protective Products Inc. METGUARD

The IMPACTO® metatarsal guard is a unique device that protects the metatarsal area of the foot Designed to compliment steel cap footwear. Made of extremely durable yet lightweight polycarbonate material. Secured with existing laces or optional straps.

ELLWOOD #800

Ellwood Safety's Metatarsal Guard is designed to be worn with most lace types of Safety Toe Shoes to provide comfortable low cost metatarsal protection.

FOOTWEAR FIT & SIZING

FOOTWEAR FIT

- Lace up footwear fully
- Walk in new footwear to ensure it is comfortable
- Boot and foot bend in the same place
- Boot arch and foot arch line up perfectly
- Heel is snug in heel cup
- Footwear should have ample toe room

Please try on your new shoes on carpeting to ensure the best fit and keep the soles clean in case an exchange is needed.

There is generally a 2 size difference between Women's and Men's sizes. Ladies with shoe sizes above 11 should order the Men's style. Example: Ladies ordering Women's size 10 = Men's size 8.

SOCIAL RESPONSIBILITY

REUSE AND RECYCLING OF CORRUGATED PACKAGING

- Work Wear's goal is 100% reuse and recycling of corrugated packaging materials, metal, and plastic film.
- This year we began 100% recycling of mercury-containing fluorescent lighting waste.
- We are constantly seeking out ways to reduce material consumption and increase the number of materials that we recycle.

FACILITIES MANAGEMENT

- Our pest management program protects wildlife by using minimally toxic substances with known antidotes, and using wildlife-safe dispensers.
- Work Wear banned the use of Pyrethroid pesticides in all facilities due to their devastating toxic effects on beneficial insects such as bees and dragonflies, invertebrates, fish, and marine organisms.

BUYING LOCAL

- Work Wear is committed to buying locally produced goods when possible. This buying strategy saves energy by eliminating long distance transportation and also helps to support the local economies that we serve. Purchasing local gives us the ability to work closely with our vendors, yielding better relationships with the local community, and better products for our use.

OUR FLEET VEHICLES

- Work Wear has taken aggressive strides in designing our vehicles to be more fuel efficient by reducing the weight of vehicles and on-board equipment, lowering ride height to increase aerodynamics, and choosing more fuel efficient vehicle configurations.

ENERGY CONSERVATION

- In 2017 Work Wear eliminated all incandescent lighting from our corporate offices. We have retrofitted our mercury-containing fluorescent lighting with energy-efficient, mercury-free LED lighting. We will also be retrofitting our retail stores, shoe mobiles and exterior signage.

GO GREEN WITH SOLES4SOULS

Soles4Souls can save your shoes from early death by cleaning them and shipping them to needy people around the world, who will treasure the gift for years to come. Since its inception following the Asian tsunami, Soles4Souls has distributed over 19 million pairs to people in 125 countries. Most of our closets are filled with shoes we rarely wear. Instead of dropping the unwanted pairs in the trash, consider stopping by a Work Wear Safety Shoes store or SHOEMOBILES® to donate your "gently worn" footwear. In addition to this program, Soles4Souls hosts thousands of collection events across North America, including marathons, schools, churches and more.

Consider joining us in our mission to Change the world, one pair at a time. The gift of shoes is a simple yet profound way to benefit people in need while helping the environment at the same time.

TWO TEN FOOTWEAR CARES

The U.S. Footwear Industry's Nation-Wide Community Service Movement.

Two Ten Footwear Cares is the annual, national volunteer campaign that engages thousands of footwear industry employees across the country who work together to improve their communities. In 2016, more than 6,000 footwear employee volunteers donated 11,554 hours work in their communities to help disadvantaged families. Work Wear is proud to volunteer to the Footwear Cares campaign and help out a local family with home repairs.

WARRANTY

12 MONTH LIMITED WARRANTY AGAINST DEFECTS

Recommended Work Wear Safety Shoes (“Work Wear”) footwear products are warranted against defects in workmanship and materials. If within 12 months of purchase, a defect occurs in a recommended Work Wear footwear product as the result of normal use; Work Wear will repair the defect or exchange the product. The amount of the credit will be determined in Work Wear’s sole judgment.

If a recommended product defect occurs as the result of normal use within 6 months after purchase, Work Wear will repair the defect or issue a store credit for the purchase price. If a recommended product defect occurs as the result of normal use after 6 months of purchase, Work Wear may, at its option, issue a fair and reasonable credit up to but not exceeding 50% that can be applied to the purchase of Work Wear footwear products. Recommended product failures caused by excessive or abusive wear conditions do not qualify for exchange or purchase credit. This warranty is available only to the original purchaser and is not transferable. No adjustment will be given without the original receipt of purchase. You must return your recommended footwear product to a Work Wear Safety Shoes Superstore or SHOEMOBILES®.

DISCLAIMER: The limited warranty relating to recommended Work Wear footwear products is in lieu of any other express warranty. No agent, employee or representative of Work Wear has any authority to bind Work Wear to any affirmation, representation or warranty concerning recommended Work Wear branded footwear products, except as stated herein. Work Wear shall not be liable for any consequential or incidental damages.

This limited product warranty gives you specific legal rights, and you may also have other rights that vary from state to state. Any implied warranties shall be effective for a period not exceeding 12 months from the date of purchase. Some states do not allow manufacturers to impose time limitations on certain implied warranties, so the above limitation may not apply to you.

30-DAY COMFORT GUARANTEE

Footwear with a 30 day comfort guarantee is provided by the original manufacturer. If during the first 30 days, you are not satisfied with the comfort of your guaranteed footwear, Work Wear will exchange the purchase, no questions asked. No adjustment will be given without the original receipt within 30 days of purchase. You may return your footwear to any of our Work Wear locations; Stores, SHOEMOBILES® or customer service department. Limit one exchange per customer.

30 day comfort guarantee is provided by the original manufacturer for featured memory foam insoles.

100% CUSTOMER SATISFACTION IS OUR COMMITMENT

SAFETY WWS SHOES

MISSION Work Wear Safety Shoes partners with employers to deliver high quality footwear and services to keep their workers safe.
